

TEMPLE UNIVERSITY

137th Commencement

WEDNESDAY, MAY 8, 2024

Welcome

Congratulations, Temple Owls!

Today, I join your families, friends and the entire Temple community in celebrating your accomplishments. We know that you have drawn amazing strength from your circle of family and friends to get here today. I also want to acknowledge our faculty and staff who served as your teachers, mentors, advocates and champions.

We are proud of how each of you has defined what it means to be Temple Made. Throughout your time with us, you have inspired us with your pursuit of learning; exploration into new, innovative, cross-disciplinary areas of study; embrace of diversity and inclusion; and optimism for the future. You embody the true Temple spirit.

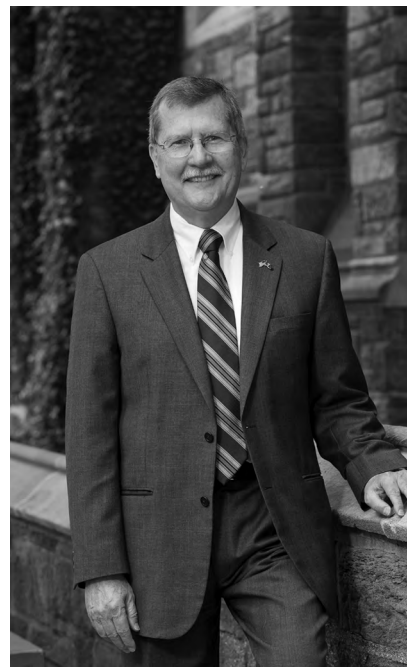

As you chart your future, we hope that you will carry the cherry and white with you wherever you go. Reach out to and support your fellow Owls along the way and mentor those who will follow you. Know that you will always have a home on North Broad Street. Stay connected, stay inspired and continue to make us proud.

We are honored that you chose Temple University as your home for these last several years. The legacy of this great university will live on through your achievements and your impact around the world. As we celebrate you today, we know that the future is in good hands.

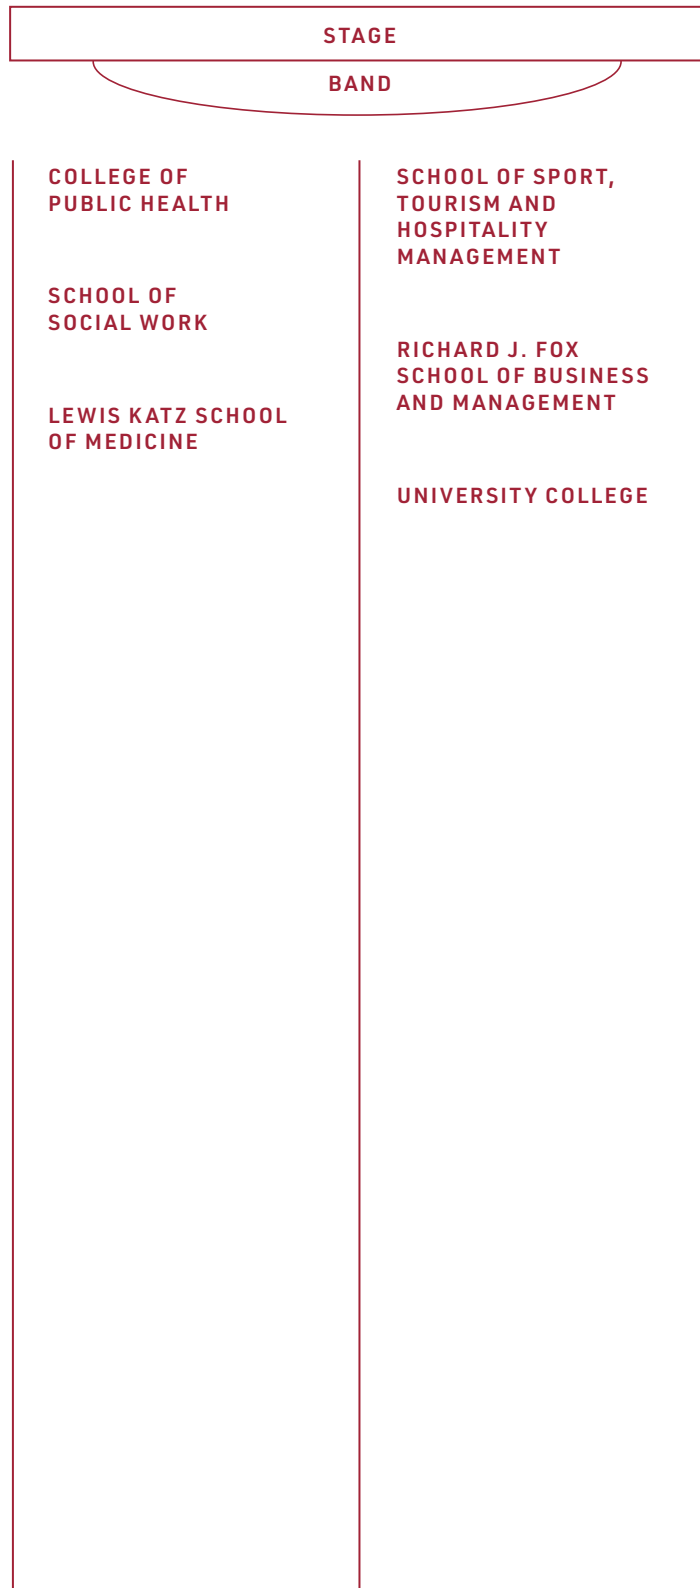

Sincerely,

Richard M. Englert
President

Academic Ceremony and Regalia

PROCESSION

The academic procession is a vestige of medievalism in modern university life. The somber gowns and colorful hoods are similar to those worn by scholars and church men as early as the 12th century. The garb had an element of utility. The robes were warm; the hoods could be drawn up to protect against drafts in unheated buildings.

Traditionally, the hood's silk lining was the color of the university, and the color of the bordering velvet indicated the special area of study, still used today. White represents arts, letters and humanities; dark blue, philosophy; light blue, education; yellow, science; brown, fine arts; mustard, business; purple, law; dark green, medicine; lilac, dentistry; olive, pharmacy; pink, music; orange, engineering; citron, social work; and sea foam, podiatry. The color of the tassels on the "mortar boards" or caps of the candidates for degrees corresponds to the velvet borders of the hoods.

Gowns representing the bachelor's, master's and doctoral degrees vary in style. The bachelor's gown has long pointed sleeves; the master's gown, longer, narrow closed sleeves, which extend below the knees; the doctoral gown, with full bell-shaped sleeves and three bars of velvet, opens in the front with wide velvet bands in either black or the color indicating the area of study.

Stoles and sashes represent a student's affiliation with an organization or group such as student-athletes, study abroad, international, Greek organizations, and other student service or academic organizations.

Cords are worn by students who excel academically and are reserved for Latin Honors, university honors, and other honors programs and honor societies.

The tassel on the mortar board is customarily worn on the right side before the degrees are conferred and shifted to the left at the moment the degrees are awarded.

Leaving the Ceremony

To avoid excessive congestion when leaving the Liacouras Center, guests in sections 102–104 and 112–114 should use the 15th Street exit; guests in sections 105–111 should exit through the Main Lobby onto Broad Street.

To ensure everyone's safety and reduce overcrowding, please refrain from taking photos near the Broad Street exit of the Liacouras Center. Here are alternative locations.

1. Liacouras Walk between Norris Street and Polett Walk;
2. Founder's Garden between 13th Street and Liacouras Walk;
3. Bell Tower on Polett Walk between 12th and 13th streets; and
4. Park Mall between Cecil B. Moore and Montgomery streets.

Honors and Distinction Symbols

*** summa cum laude	+ distinction in major
** magna cum laude	++ distinction in double major
* cum laude	

THE CHAIN OF OFFICE AND THE MEDALLION

The chain of office and the medallion are symbols of the office worn by the president on official and ceremonial occasions. The front of the medallion bears a replica of the official seal of the college, which includes the university's name and date of incorporation, a Greek temple, and the motto "Perseverantia Vincit" (Perseverance Conquers). The back of the medallion bears an image of Temple University founder Russell H. Conwell, along with the words "Knowledge with Honor" and "Wisdom Through Diligence." The chain is imprinted with symbols representing the university's original schools and colleges.

THE MACE

Used only on formal academic occasions, the academic mace symbolizes the authority invested in the president by the school's governing body. The mace is an integral part of the Commencement exercises when students are invested in degrees by the lawful authority of the university. It is carried in procession immediately before the president. The mace serves as a symbol of the academic quest for truth and wisdom and represents the unity and aspirations of the collegial community.

Honorary Degree Recipient

Quinta Brunson

DOCTOR OF FINE ARTS, HONORIS CAUSA

Named one of Time Magazine's 100 Most Influential People and dubbed "the new queen of sitcoms" by New York Magazine, Emmy, SAG, and Golden Globe award-winning actor, producer, writer and creator Quinta Brunson has quickly made a name for herself as a powerful force and game changer within the entertainment industry.

Brunson made history as the first Black woman to receive three Emmy nominations and the second Black woman to win an Emmy in the category of *Outstanding Writing for a Comedy Series* for her Peabody award winning series "Abbott Elementary," which she stars in and serves as creator/showrunner, head writer, and executive producer. The show, inspired by Brunson's mother, follows a group of dedicated, passionate teachers brought together in a Philadelphia public school where, despite the odds stacked against them, are determined to help their students succeed in life.

Since its launch "Abbott Elementary" has garnered a slew of awards season wins and nominations, with Brunson personally landing 49 nominations and 21 wins. Some highlights include recently winning her second Emmy (2023) for *Outstanding Lead Actress in a Comedy Series*, winning a Golden Globe award (2023) for *Best Performance by a Female Actor in a Television Series, Musical, or Comedy*, and landing a 2024 Screen Actors Guild Award nomination for *Outstanding Performance by a Female Actor in a Comedy Series*. Brunson won her first Film Independent Spirit Award for *Best Lead Performance in a New Scripted Series* in 2023, and has been nominated for a PGA Award for *Outstanding Producer of Episodic Television, Comedy*. Aside from winning a Peabody award, "Abbott Elementary" was also an honoree at the 2023 AFI Awards for *Outstanding Television Program of the Year* (to name a few). "Abbott Elementary" is currently airing new episodes weekly on ABC and Hulu.

In film, Brunson appeared as Oprah Winfrey in the award winning feature "Weird: The Al Yankovic Story" alongside Daniel Radcliff. It won *Outstanding Television Movie* at the 2023 Primetime Emmy Awards, and *Best Movie Made for Television* at the Critics Choice Awards.

Originally from Philadelphia, PA, Brunson started her entertainment journey at The Second City in Chicago and burst onto the scene in 2014 when the series she created, "The Girl Who's Never Been on a Nice Date," went viral. Brunson's digital success quickly attracted the attention of BuzzFeed, where she landed an initial job as a video producer. She went on to sell two web series as a development partner with BuzzFeed Motion Pictures: the scripted comedy "Broke" (which she wrote, produced, and starred in) for YouTube Red and "Up for Adoption," which was produced by Verizon's go90. Since leaving BuzzFeed in 2018, Brunson's career as a multi-hyphenate actor and creator in Hollywood has skyrocketed. She landed a lead role in the CW pilot "The End of the World as We Know It," she wrote, produced, and starred in the series "Quinta vs. Everything" for Facebook Watch, and wrote/sold a multi-cam comedy pilot alongside Larry Wilmore and Jermaine Fowler for CBS with ABC Studios. Brunson has also lent her voice to a plethora of projects, including Adult Swim's "Lazor Wulf" (where she is also a staff writer) and Netflix's "Big Mouth."

On the sketch comedy front Brunson starred on the first season of HBO's award-winning series "A Black Lady Sketch Show," and was nominated for a 2023 Emmy Award for *Outstanding Guest Actress in a Comedy Series* for her episode of "Saturday Night Live" on NBC. As an author Brunson released her bestselling, debut novel "She Memes Well" (HMH Books) in June 2021.

Charles L. Blockson

DOCTOR OF HUMANE LETTERS, HONORIS CAUSA

Charles L. Blockson is remembered as the architect behind one of the most prestigious collections of African American artifacts in the U.S. Located in Temple University's Sullivan Hall, the Charles L. Blockson Afro-American Collection houses more than 700,000 items relating to global Black experiences, and its extensive catalog dates from 1581 to the present. The collection includes everything from first-edition works of Phyllis Wheatley and W.E.B. DuBois to original drafts of Tupac Shakur's lyrics.

Blockson's passion for collecting can be dated back to when he was a fourth-grade student growing up in Norristown, Pennsylvania. It was then that a substitute teacher said that individuals who looked like him have no history. Blockson went home and told his parents, who made sure that he was introduced to Negro literature, The Philadelphia Tribune, other local black newspapers, the Crisis and Negro Digest magazines, as well as the work of prominent African American men and women. Blockson would go on to

spend a lifetime proving this substitute teacher wrong: The incident sparked in him a lifelong journey to unearth, collect and preserve the history, culture and contributions of people of African descent. In August 2023, his former middle school was renamed in his honor: It is now Blockson Middle School.

An All-American high school athlete who excelled in football and track and field, Blockson continued his education at Pennsylvania State University as a student-athlete where he won state and national honors and participated in the Penn Relays.

After college, he served in the U.S. Army and developed a love for travel. While traveling the world, he ventured into bookstores and was especially fond of the stories in Harlem and Greenwich Village in New York. In 1958, Blockson married the late Elizabeth Parker and the couple had one daughter, Noelle Parker Blockson.

Blockson's passion for collecting took him around the globe, inspired him to write books, made him one of the foremost experts on the Underground Railroad, and put him in the company of leaders such as Paul Robeson, Marian Anderson, Rosa Parks and others.

In 2016, Blockson donated Harriet Tubman's signed hymnal and other personal items to the National Museum of African American History and Culture at the Smithsonian Institution in Washington, DC. He said that when he inherited Harriet Tubman's 39 personal items from her great-niece Merlie Wilkens—including the shawl that Queen Victoria presented to Tubman—it was his crowning achievement as a collector.

In addition to the collection at Temple, Charles leaves two other significant collections. The Charles L. Blockson Collection of African-Americana and the African Diaspora at Pennsylvania State University includes books, magazines, photographs, and manuscripts of the African experience in the United States, Latin America, the Caribbean, and Africa, dating from 1632 to the present. In 2022, a third location to exhibit pieces of Blockson's renowned collection opened in his hometown at Norristown's historic Centre Theatre.

A Message from the Temple University Alumni Association

To the Class of 2024,

Congratulations and welcome to the Temple University Alumni Association (TUAA). We Temple Owls are members of an unbreakable supportive community. As you step out into the world, you are not alone. There are more than 371,000 fellow Owls worldwide excited to see you take flight.

Your time at Temple is what has made you into someone able to shape their own future. As you prepare to leave the nest, please know that we're here to help. We encourage you to take advantage of the numerous benefits and resources available to you postgraduation, including:

- **Temple Professional Network (TPN):** TPN is here to support your career growth, offering alumni career resources for any stage of your career. Find networking tools, optimize your resume, search for jobs, prep for interviews, connect with other Owls and more.
- **Affinity networks:** Affinity networks are alumni groups convened around self-identified personal affinities, common interests and shared university experiences. The Temple University Black Alumni Alliance (TUBAA) and Temple Women's Network (TWN) work to connect their respective constituents to one another and back to the university through events, community service, communication and philanthropy. We're actively building more opportunities to celebrate more affinities.
- **Regional network:** Owls are everywhere! There are Temple alumni across the country and across the globe for you to connect with through events and other channels.
- **Temple University Young Alumni:** Programs, events and resources are offered for alumni under 30 years old.
- **Schools and colleges:** Each school and college has its own alumni association and unique ways to engage its alumni.
- **Special events:** Join us for Homecoming, Temple Made Days, volunteer opportunities and more.

Visit alumni.temple.edu to learn more about all the resources, information and engagement opportunities—both in person and online—we offer to connect and serve our alumni and university community.

You're a valued member of the Temple Made community and we wish you the very best of luck as you begin this next phase of your Temple journey.

Go Owls!
