Academic Ceremony and Regalia

PROCESSION

The academic procession is a vestige of medievalism in modern university life. The somber gowns and colorful hoods are similar to those worn by scholars and church men as early as the 12th century. The garb had an element of utility. The robes were warm; the hoods could be drawn up to protect against drafts in unheated buildings.

Traditionally, the hood's silk lining was the color of the university, and the color of the bordering velvet indicated the special area of study, still used today. White represents arts, letters and humanities; dark blue, philosophy; light blue, education; yellow, science; brown, fine arts; mustard, business; purple, law; dark green, medicine; lilac, dentistry; olive, pharmacy; pink, music; orange, engineering; citron, social work; and sea foam, podiatry. The color of the tassels on the "mortar boards" or caps of the candidates for degrees corresponds to the velvet borders of the hoods.

Gowns representing the bachelor's, master's and doctoral degrees vary in style. The bachelor's gown has long pointed sleeves; the master's gown, longer, narrow closed sleeves, which extend below the knees; the doctoral gown, with full bell-shaped sleeves and three bars of velvet, opens in the front with wide velvet bands in either black or the color indicating the area of study.

Stoles and sashes represent a student's affiliation with an organization or group such as student-athletes, study abroad, international, Greek organizations, and other student service or academic organizations.

Cords are worn by students who excel academically and are reserved for Latin Honors, university honors, and other honors programs and honor societies.

The tassel on the mortar board is customarily worn on the right side before the degrees are conferred and shifted to the left at the moment the degrees are awarded.

Leaving the Ceremony

To avoid excessive congestion when leaving the Liacouras Center, guests in sections 102–104 and 112–114 should use the 15th Street exit; guests in sections 105–111 should exit through the Main Lobby onto Broad Street.

To ensure everyone's safety and reduce overcrowding, please refrain from taking photos near the Broad Street exit of the Liacouras Center. Here are alternative locations.

1. Liacouras Walk between Norris Street and Polett Walk;
2. Founder's Garden between 13th Street and Liacouras Walk;
3. Bell Tower on Polett Walk between 12th and 13th streets; and
4. Park Mall between Cecil B. Moore and Montgomery streets.

Honors and Distinction Symbols

*** summa cum laude	+ distinction in major
** magna cum laude	++ distinction in double major
* cum laude	

THE CHAIN OF OFFICE AND THE MEDALLION

The chain of office and the medallion are symbols of the office worn by the president on official and ceremonial occasions. The front of the medallion bears a replica of the official seal of the college, which includes the university's name and date of incorporation, a Greek temple, and the motto "Perseverantia Vincit" (Perseverance Conquers). The back of the medallion bears an image of Temple University founder Russell H. Conwell, along with the words "Knowledge with Honor" and "Wisdom Through Diligence." The chain is imprinted with symbols representing the university's original schools and colleges.

THE MACE

Used only on formal academic occasions, the academic mace symbolizes the authority invested in the president by the school's governing body. The mace is an integral part of the Commencement exercises when students are invested in degrees by the lawful authority of the university. It is carried in procession immediately before the president. The mace serves as a symbol of the academic quest for truth and wisdom and represents the unity and aspirations of the collegial community.

Tina Sloan Green, *EDU '70*

DOCTOR OF HUMANE LETTERS, HONORIS CAUSA

Tina Sloan Green, raised in Philadelphia, attended West Chester University and earned All-American Honors in field hockey while also playing lacrosse and badminton for the Rams. She earned an MEd from Temple University. She joined Temple University as an instructor in the then-College of Education and was named the first African American head coach in the history of women's intercollegiate lacrosse. The Owls went 207-62-4 during her tenure, amassing 11 Final Four appearances and three National Championships (1982, 1984, 1988). During that 1988 season, Temple went a perfect 19-0, culminating with a 15-7 victory over Penn State in the National Championship game.

Tina, who also coached field hockey and badminton at Temple, concluded her 32-year coaching career in 1992 before turning her focus to promote the advancement of women of color. Along with Alpha Alexander, Nikki Franke

and Linda Greene, Tina founded the Black Women in Sport Foundation to increase the involvement of Black women and girls in all aspects of sport, including athletics, coaching and administration.

Since her retirement from coaching, she has received the Lifetime Achievement Award from the National Association of Collegiate Women Athletic Administrators and the National Women's Lacrosse Coaches Association. She has been inducted into Temple University Athletics Hall of Fame, along with the Athletics Halls of Fame at Lincoln University and West Chester University. She received the Honor Award from the National Association for Girls and Women in Sport and the Distinguished Alumni Award from West Chester University and the Philadelphia High School for Girls, the Sadie T. Alexander Award from the Philadelphia Alumnae Chapter of Delta Sigma Theta Sorority, and the Philadelphia Legacies Award. Earlier in her career, she was also inducted into the National Women's Lacrosse Hall of Fame.

Most recently, she was the recipient of the NCAA's Theodore Roosevelt Award in January 2025. It is the highest honor the NCAA may confer on an individual and is presented annually to a distinguished citizen of national reputation and outstanding accomplishment.

Mitchell L. Morgan, *FOX '76, LAW '80*

DOCTOR OF HUMANE LETTERS, HONORIS CAUSA

Mitchell Morgan is the founder, chair and chief executive officer of Morgan Properties, one of the nation's leading real estate investment and management companies specializing in multifamily housing. As chief executive officer, Mitchell is responsible for maintaining oversight over all business aspects at Morgan Properties, which he founded in 1985. Under his leadership, Morgan Properties has grown to become the third-largest multifamily owner in the country with a portfolio comprised of more than 360 apartment communities and over 100,000 units in 22 states and over \$20 billion in assets. Morgan Properties is currently the largest apartment owner in the states of Pennsylvania, Maryland and New York.

Mitchell began his career in public accounting before transitioning to real estate development and management. He earned a bachelor of science in accounting from Temple University in 1976 and a law degree from the Beasley

School of Law in 1980. A proud Temple alum, Mitchell currently serves as chair of the Board of Trustees—the first Temple graduate to hold this role in over 50 years—and previously chaired the Facilities Committee.

In addition to his business accomplishments, Mitchell has held leadership roles with the Apartment Association of Greater Philadelphia, the Royal Bank of Pennsylvania and Penn Medicine's Board of Trustees. He is also a dedicated philanthropist through the Morgan Family Foundation, supporting a wide range of institutions including Temple University, the Children's Hospital of Philadelphia through their transformational \$50 million gift toward the Morgan Center for Research and Innovation, the Weitzman National Museum of American Jewish History, the Jewish Federation of Greater Philadelphia, University of Pennsylvania, the Barnes Foundation, Philadelphia Orchestra, the Philadelphia Museum of Art, the Norton Museum of Art, Wills Eye Hospital, the MorseLife Foundation, and the Dana-Farber Cancer Institute. Morgan Hall, a state-of-the-art, 1,250-bed residence hall at Temple, was named in his honor for his transformative impact on the university. Mitchell and Hilarie Morgan were named to the prestigious Philanthropy 50 list (2024), a comprehensive report on America's most generous donors.

Mitchell's professional excellence has been recognized with numerous honors, including Ernst & Young's Entrepreneur of the Year (2004), the Warren V. "Pete" Musser Award from Temple's Fox School of Business (2017), the Jewish Federation Real Estate Hall of Fame (2025) and inclusion among the Philadelphia Business Journal's Most Admired CEOs. His enduring contributions to real estate, education and the broader community continue to shape the future of the multifamily industry and beyond.

MAY 2025

Irem Altiner

Mathematics. *Metalenses and Refraction Problems in Optics.*

Abigail Paige Bender

Chemistry. *Single-Molecule Imaging of DNA on Gold Nanoparticle Surfaces.*

Samuel Grant Black

Computer & Information Science. *Image Classification With Unstructured Collections.*

Louise Catherine Lamont Borthwick
Geoscience. *Geophysical Investigation of Glacier Geometry and Subglacial Geology, and Their Influence on Glacier Dynamics: Case Studies of Taku Glacier, Alaska and Thwaites Glacier, West Antarctica.*

Samantha Boudeau

Bioinformatics. *The Mechanistic Role of Epistasis in Evolutionary Rate Variation and Neutral Theory.*

Emily Jayne Cowell

Biology. *Ecological Dynamics of Methane-Seep Foundation Species: Succession, Disturbance Response and Niche Stability.*

Somaiyeh Dadashi

Chemistry. *Development of Multi-modal Nonlinear Spectroscopy for Interfacial Studies.*

Artur Henrique de Oliveira Andrade

Mathematics. *Harmonic Analysis Methods For Elliptic Boundary Value Problems In Uniformly Rectifiable and Infinitesimally Flat Ahlfors Regular Domains.*

Wesley Deeg

Physics. *Photogalvanic Study of the Structure/Topology Relationship in Chiral Multifold Semimetals and Development of Novel Broadbands Ultrafast Probes.*

Saman Enayati

Computer & Information Science. *Maximizing Learning Efficiency with Limited Labeled Data: Applications to Healthcare and Education.*

Elizabeth Garrison

Computer & Information Science. *Leveraging AI as Assistive Technology to Support Neurodivergent Users.*

Peter Isaev

Computer & Information Science. *Non-Axiomatic Reasoning and Casual Explorative System (NARCES), a Hybrid Symbolic Reasoning With Sub-Symbolic Learning for Autonomous Intelligent Agents.*

Danni Luo

Chemistry. *Design, Synthesis and Applications of Spiroligomer-based Macrocycles.*

Robert Maloney

Chemistry. *Design, Characterization, and Therapeutic Evaluation of Flexibly-Constrained Stapled Peptides for Breast Cancer and Neuronal Regeneration.*

Nadia Niknami

Computer and Information Science. *Improving Performance of Intrusion Detection Systems in SDN.*

Victoria Palmaccio

Physics. *The Hunter Experiment: A Precision Massive-Neutrino Search Based on Laser-Cooled Atomic Source.*

Huitong Pan

Computer & Information Science. *Information Extraction from Scientific Literature.*

Lisa Schmelkin

Bioinformatics. *The Mechanistic Role of Epistasis in Evolutionary Rate Variation and Neutral Theory.*

Avery Selberg

Biology. *From Genes to Traits: A Combined Approach to Detecting Sequence Errors and Convergent Evolution.*

Vaibhav Singh

Chemistry. *Modeling Cation Dynamics in Strong-Field Ionization: Non-Adiabatic Dynamics and Quantum Chemistry Approaches.*

Shea Stewart

Chemistry. *Mechanistic Studies into Visible-Light Driven Hydrodesulfurization Reactions for C-C Coupling.*

Vivek Trivedy

Computer & Information Science. *Representation Learning for Visual Tasks: A Study of Attention and Information Selection*

Brandis Nicole Whitfield

Mathematics. *The Geometry of End-periodic Mapping Tori.*

DECEMBER 2024

James Emory Allen Jr.

Chemistry. *Structure and Properties of Novel Energetic Coordination Complexes and their Potential as Magnetically Switchable Explosives.*

Taryn Patrice Anthony

Chemistry. *Integrating Data Analytics and Computational Programming for Enhanced Material Design in High Performance Thin-Film Optical Coatings.*

Peiyu Liang

Computer and Information Science. *Beyond Local Neighbors: Leveraging Informative Node for Improved Graph Neural Network Performance.*

Steven Weaver

Bioinformatics. *Advancing Molecular Epidemiology: Enhanced Methods and Applications in Pathogen Transmission Network Analysis.*

AUGUST 2024

A Message from the Temple University Alumni Association

To the Class of 2025,

Congratulations and welcome to the Temple University Alumni Association (TUAA)!

We Temple Owls are members of an unbreakable supportive community. As you step out into the world, you are not alone. There are more than 378,000 fellow Owls worldwide excited to see you take flight.

Your time at Temple is what has made you into someone that is able to shape their own future. As you prepare to leave the nest, please know that we are here to help. We encourage you to take advantage of the numerous benefits and resources available to you postgraduation, including:

- **Temple Professional Network (TPN):** TPN is here to support your career growth, offering alumni career resources for any stage of your career. Find networking tools, optimize your resume, search for jobs, prep for interviews, connect with other Owls and more.
- **Affinity Networks:** Affinity Networks are alumni groups convened around self-identified personal affinities, common interests and shared university experiences. The Temple University Black Alumni Alliance (TUBAA) and Temple Women's Network (TWN) work to connect their respective constituents to one another and back to the university through events, community service, communication and philanthropy. We're actively building more opportunities to celebrate more affinities.
- **Regional Network:** Owls are everywhere! There are Temple alumni across the country and across the globe for you to connect with through events and other channels.
- **Temple University Young Alumni:** We have programs, events and resources geared specifically for alumni under 30 years old.
- **Schools and Colleges:** Each school and college has its own alumni association and unique ways to engage its alumni.
- **Special Events:** Join us for Homecoming, Temple Made Days, volunteer opportunities and more.

Visit alumni.temple.edu to learn more about all the resources, information and engagement opportunities—both in person and online—we offer to connect and serve our alumni and university community.

You are a valued member of the Temple Made community and we wish you the very best of luck as you begin this next phase of your Temple journey.

Go Owls!

Amy Larovere, KLN '83, TUAA President
